

## **Initial Vehicle Information**

<https://ereg-association.eu/media/1367/initialvehicleinformation.xsd>

Please use this link to:

Open version 1.1 of the IVI XSD schema in the browser

If you want to save the file as an .xsd file please use:

File → Save as

In some browsers the Save as window will show “InitialVehicleInformation.xml” , if this is the case the change the file extension .xml to .xsd.
